

Nanny Mileage Plans

How it works!

1. Choose a plan, everyone must enroll in a plan or choose the Pay Per Mile plan. PPM is 50 cents/mi & monthly plans are 35 cents/mi
2. Enroll in your plan on our website.
3. Your nanny gets reimbursed!

Why?

Part of being a nanny usually involves shuttling kids around from school, soccer, running errands etc and that means more miles on a Nanny's car, more frequent oil changes and of course gas!

Which plan to choose?

The intent of our monthly plans is for you to add up a typical month's miles so you and the nanny don't have to worry about tracking and it usually evens out month to month. If things change you and the nanny can re-evaluate!
